

**HALF-PINT**  
RESALE

# TAGGING GUIDELINES

Please read carefully through the following information in order to guarantee and easy to shop experience for the resale customers! Happy Tagging!

---

## TAG TEMPLATE

- A tag template is found at [halfpintresale.com/consign/consignor-information](http://halfpintresale.com/consign/consignor-information)
- Tags should be printed/copied on standard white copy paper (the cheap stuff is fine!) The template generally stays the same sale to sale so you can tag ahead.

## PRICING

- Whole dollar values only
- All toy items and children's books must be **\$5** or more and in dollar increments.
- All other items (including clothing, all other books, accessories, shoes, maternity gear, linens, etc.) must be **\$2** or more (group as necessary).
- **Items priced over \$75 or over may be excluded from the Half-Price sale by being printed on GREEN PAPER and marked "No Half-Price". Any items that do not follow all three of these guidelines (over \$75, green paper, and marked No Half-Price) will be for sale at half-price during the Half-Price Sale, no exclusions.**
- Please - **mark ALL ITEMS as ALLOW DISCOUNT: YES** - unless they meet these qualifications. Anything marked otherwise will just increase the amount of work we will need to do post sale. Thanks for the help!
- **Make your items priced to sell!** We'd rather give you a nice sized check than a pile of clothing after the sale. Half-Pint is known for it's reasonable prices, and consignors are generally happy with their checks.

# BARCODING

Barcoding is good for you as a Consignor for the following reasons: Increased accuracy at checkout (no worries about your handwriting!), increased accuracy at Data Entry (no room for even the smallest of human error), potentially quicker checks with less to reconcile post sale.

- To link the tag to your consignor number, all tags need to be barcoded. To make tagging more flexible, *instead of using an inventoried online system*, we use a “hybrid” system where barcodes are made and then printed on labels to coincide with a specific price and your number. Barcodes are then affixed to your tags.
- Tags should be printed/copied on standard **white copy paper**.

## TO PRINT YOUR BARCODES

1. Login into the registration system using your unique consignor number and password. **You must have already registered for the CURRENT sale.**
2. Click on **Order Barcode Labels**.  
In this system, **order = create a PDF** (not, mail a product to you). By clicking on that link, it will bring you to the barcode creation page.
3. Fill in the PRICE and the number of labels you want.  
Unless you plan on using the label on a GREEN/ OVER \$75 tag, keep it on YES for allowing discount. *Even if you choose no, we will change it post sale to take the discount, and it will make it hard for the volunteers to ensure that you are getting the correct amount. Consignors who purposefully choose NO on items less than \$75 may not be allowed to consign in the future.*
4. After submitting several barcode orders, hit Submit Order. There are 30 labels to a page, and it will combine your orders to make complete pages. In order to waste the least number of labels, you will want to make your total number of barcodes ordered in multiples of 30. (You can go back into the system and order barcodes as often as you like, or reprint older orders as well).

# WHAT DO YOU PRINT LABELS ON?

Avery Labels 5160, or anything equivalent. As long as the full length of barcode and your number is on the label, you can use it.

# FILLING OUT YOUR TAGS

# D

In the upper left hand corner there is a D. - Leave the D as is if you plan to donate the item if it is not purchased. Clearly **CROSS OUT** the D if you would like the item returned to you post sale. Items with the D removed from the tag all-together or circled (or any other variation!) **WILL** be donated.

# Gender

Circle the appropriate gender (Boy or Girl) where you would like the item hung. If you feel your item is neutral, circle **BOTH** B and G. We reserve the right to rack the item wherever we feel it will best sell based on the volume in the area and size.

# Size

Write in the size of the item **AS IT IS TAGGED** inside the item. You can always write in the description if you think it fits differently then the tagged size.

# Item

Write a short description of item, including brand, number of pieces (if applicable), and general pattern description or color. Description does not need to be overly thorough - however, it needs to be complete enough that it can be re-matched with your item if the tag becomes separated.

# #

Your consignor should be on the top of the tag. Please double check to make sure your number matches with the number on the barcode. You may add the price to the top if you like.

# barcode

Please put the barcode as **CLOSE TO THE BOTTOM OF THE TAG** as possible so that there is plenty of room to tear off the bottom of the tag. Do not tape over the barcode.

# HANGING/PACKAGING ITEMS

- Please make sure to that all items are clean, free of wrinkles, and in good condition without stains, broken zippers, etc. Items with stains, rips, etc., will be rejected. The newer, more beautiful the item looks, the better chance it will have to sell!
- **Items on Hangers:**
  - ◇ Hanger should look like a question mark.
  - ◇ Items that do not easily hang on the hanger (such as a pair of pants) should be pinned onto the hanger so that the item can be fully viewed. Shirts that don't easily fall off of a hanger, for example, do not need to be pinned.
  - ◇ Try to use wire hangers for your children's items (easy to pin to, don't take up a lot of space, etc.) **The only type of hanger we will NOT allow is children's items hung on large plastic adult hangers because of the space the take up on the rack.** Don't forget - items are SOLD with the hangers, and you will not get your hangers back.
  - ◇ Items grouped on a hanger MUST be the same size.
- **Items in Bags:**
  - ◇ Bags must be “sealable” (such as Ziploc), or for larger items, in a bag that is transparent and easily opened/re-sealed (for example, with a twist-tie).
  - ◇ We recommend not taping bags closed so that people can look at items (esp. shoes and onesies) However, if you feel it would be more secure, please know that items may be passed over by people who want to inspect items prior to purchase. We also reserve the right to open bags as needed.
  - ◇ Tags should be attached to the bag in a way so that shoppers can easily see items in the bag. Be sure to be very descriptive of the item on your tag so that they can easily be identified and double checked.

# ATTACHING TAG TO AN ITEM

- **Tags should be attached to an item in the upper right hand corner of the item.** Imagine quickly sifting through items on a rack – You should be able to see the tag easily while you move through items.
- **Items on Hangers**
  - ◇ **Safety Pins:** The main way to attach your tags is with a safety pin. We recommend having the pin go through the clothing TWICE to secure the tag. For extra security, put a piece of tape on the tag where you plan to put the safety pin to reinforce the paper and prevent the tag from falling off the item.
  - ◇ Be considerate of the **weight of the fabric/items** and how you are pinning them. For example, if the item is lightweight fabric, put the safety pin through a seam, or reinforcing the fabric with a lightweight tape. If you are grouping two items together, be sure that the weight of one item doesn't pull on the other and create holes in the items. Better yet, use a hanger designed to hold both.
  - ◇ **Tagging Guns:** If you own one, feel free to use a tagging gun to attach your tags to the clothing. Items still must be tagged so that the tag items hang at the top right for ease of shopping. It's suggested that you tag it from the top and bottom so that it stays in the top right area and is easy to find. Use the shortest brads you can find.
  - ◇ **No staples, scotch tape, straight pins, or strings/ribbons attaching the tag to the item allowed.**
- **Items in Bags**
  - ◇ Tags must be on the OUTSIDE of the bag, and only the top half can be taped down. **The bottom half of the tag is ripped off at check-out and needs to be loose.** We recommend mailing/package tape as it sticks better to bags than scotch tape. Also, you may want to consider putting a SECOND tag in the bag with at least your number and price in case the tag somehow becomes separated from the bag (please write on tag SECOND TAG in description).
- For items that are **NOT on hangers or in bags (especially large items)**, consider adding a piece of tape to bottom that includes your number and price in case the tag becomes separated from item. For items that have more than one piece, consider zip-ties to hold the pieces together.

# PREP LIST FOR ITEMS

Please make sure to consult the website for acceptable items before tagging, as this list is a general list, including items for both seasons. If you have any questions on appropriateness, please send us an email at [halfpintresale@gmail.com](mailto:halfpintresale@gmail.com).

**Key:**

Bagged = In a sealed bag or original packaging (see above)

Hanger = On a hanger (see above)

Loose = Without any type of packaging, but tagged and NOT on a hanger

Any = Bagged, loose, or whatever makes the most sense for the item (although **not** on a hanger)

## WEARABLE ITEMS

Type of Item	Prep of Item	How it will be Displayed	Notes
<b>Onesies</b>	Bagged	bins	Onesies are the thinner under-clothing type item, as opposed to something that is clearly designed to be a SHIRT (even though it happens to have snaps at the bottom). <b>Please be especially aware of staining on onesies and only include your highest quality.</b> Bags that contain even one stained item will be pulled. Consider grouping onesies to reach the \$2 price minimum. You can find more information on our website about this category as it often confuses people!
<b>Underwear</b>	Bagged	Bins	Please, non-stained only. Group as needed.
<b>Pajamas</b>	0-3T Bagged or Loose, 4T+ hangers	Bins	If there is more than one piece it is recommended that the items are in a baggie in order to prevent holes from safety pins. This includes baby sleepers, baby sleep bags (which will go in bins near the linens), etc.  Larger pajamas will be put on a rounder rack for easier shopping.
<b>Shoes or Slippers</b>	Bagged, or tied together with zip ties, etc.	Bins	Shoes should be almost new or free from extensive wear. Well used shoes just don't sell! Also make sure that the soles of the shoes are CLEAN! Most shoes run through the wash well. Make sure they are dry before they are bagged or they will mold and will be pulled.
<b>Socks</b>	Bagged	Bins	Group as needed.
<b>Accessories</b> (baby hats, headbands)	Bagged	Bins	Group as needed.
<b>Summer Hats / Winter Accessories</b>	Bagged or Loose	Bins	
<b>Swimming Suits</b>	Bagged or Loose	Bins	
<b>Costumes/ Dress-up/ Dance</b>	Hangers or Bagged	Racks, Bins	Outfits/Clothing should be on hangers. Accessories associated with these will be put in bins near costumes/dance as appropriate.
<b>Clothing and Outerwear</b>	Hangers	Racks	All other clothing (or worn items) must be hung on a hangers. Buntings are often put in bins near the coats and do not need to be on hangers.

## Non-Wearable Items

Type of Item	Prep of Item	How it will be Displayed	Notes
<b>Nursing Bras</b>	Bagged or loose	Bins	
<b>Bottles</b>	Any	Bins, Shelving, Tables	You may want to note whether or not they are BPA free.
<b>Breast Pumps and Accessories</b>	Any	Bins, Shelving, Tables	All pumps will have a legal notice attached to the pump regarding the safety of "sharing pumps". All tubing is also pulled. You may want to save it in case your pump doesn't sell and you ask for it to be returned to you.
<b>Maternity Accessories</b>	Any	Bins, Tables	Includes tanks, belly bands, support belts, etc.
<b>Nursing Gear</b>	Any	Bins, Shelving, Tables	Includes Boppy's, Covers, etc.
<b>Baby Carriers</b>	(See notes)	Racks, Bins	Hangers (Clip or Pant; pinned), OR original packaging.
<b>Diapering</b>	Loose or Tied in Groupings	Bins, Tables	Bags are acceptable as well, but people like to be able to feel and page through them to look for stains, etc., so we find well tied items sell better (unless it's a Huge Grouping!). Diapers can be sold in ANY quantity.
<b>Diaper Bags</b>	Any	Tables, Racks	
<b>Bedding/ Linens</b>	Bags or Tied	Tables	Preferably the bedding should be tied in both directions, so that they stay together well but are still easy to page through and feel.
<b>Swaddlers / Baby Blankets / Towels</b>	Any	Bins, Tables	Will be displayed near the linens.
<b>Books, DVDs, CDs</b>	Any	Bins	We've found that good deals on grouped books tend to sell best.
<b>Toilet Training, Safety Items, Bath Gear, and other Baby/Toddler/Child Accessories</b>	Any	Bins, Tables	This also includes Bouncy Seats, Baths, Play Gyms, Potty Chairs, Booster Seats, Bumbos, etc. Bumbos MUST come with the safety belt (per the recall).
<b>Toys / Gaming</b>	Any	Bins, Tables, Floor	Anything that is small and groupable should be in zippered bags if possible. If they are too large, use clear packing tape, rubber bands, etc., to keep tags secure. All toys that require batteries should have WORKING batteries in them. Remember, toys MUST be priced at \$5 or more.
<b>Sporting Equipment</b>	Any	Bins, Tables, Floor	
<b>Large Gear</b>	Any	Tables, Floor	Includes Exersaucers, Large Toys, Strollers, Baby Gates, Nursery Furniture, Pack and Plays, Co-Sleepers, Crib and Toddler Mattresses, High Chairs, etc.  <b>Cribs, Car Seats and Bike Helmets are not accepted due to safety regulations.</b>
