

This pricing guide is a work in progress, and is based on averages of new clothing on various websites. Much of the clothing on these websites are above or below the ranges provided here. If your clothes are nicer/fancier/licensed, they should be priced slightly higher than these ranges. If your clothes are many seasons old, they might be less. Shoot for 30% of what you would pay for THAT item for if it were new. If your clothing is so old as to be no longer in fashion at all (unless considered vintage), or if it is not in like-new shape, please do not consign it at Half-Pint.
